STATE CLEARINGHOUSE

NEWSLETTER

October 1 through 15, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **October 1-15, 2003.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects
1999	602	481	2007	1808	2699	41	22	177	7,837	6,715
2000	613	475	2243	2580	3840	78	16	386	10,231	8,562
2001	703	524	2612	2851	6083	75	13	422	13,283	11,279
2002	648 (5%)	546 (4%)	2675 (20%)	3115 (24%)	5738 (43%)	66 (0.5%)	14 (0.1%)	409 (3%)	13,211 (100%)	---

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of October 1-15, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Wednesday, October 01, 2003</u>			
2002112002	SR 99 Auxiliary Lane Project Between SR 32 & E. 1st Ave., Chico, CA Butte County Association of Governments Chico--Butte Two build alternatives are analyzed in the EIR, Outside Widening and Inside Widening Alternatives. Both involve widening SR 32 southbound off-ramp and northbound on-ramp, widening East 1st Avenue, widening the northbound East 1st Avenue off-ramp and southbound on-ramp, and widening the Bidwell Park Viaduct and Palmetto Avenue Undercrossing structures.	EIR	11/20/2003
2003031075	Silva Estates Project Santa Maria, City of Santa Maria--Santa Barbara General Plan Amendment from AOS-I (Primary Agriculture Open Space) to LDR-5 (Low Density Residential, 5 units per acre). Subdivision to create 237 Single-Family lots, and a PD permit to construct 237 Single-Family houses on the 59.6-acre site.	EIR	11/14/2003
2003102005	Amendment to the Redding Resource Management Plan, Environmental Assessment, Redding Gun Club Direct Sale Bureau of Land Management Shasta Lake--Shasta This is an amendment to the Redding BLM Resource Management Plan to identify 260 acres of public land to be sold to the Redding Gun Club by direct sale for the development of a public regional firing range.	JD	10/30/2003
2003101005	The Tehachapi Second Afterbay Project Water Resources, Department of --Kern Construct a new afterbay facility (reservoir) near the bifurcation of the East Branch and West Branch of the California Aqueduct to provide additional storage to the existing Tehachapi Afterbay.	NOP	10/30/2003
2003102002	Sutter Medical Center, Sacramento, Master Plan Projects Sacramento, City of Sacramento--Sacramento The project goal is to consolidate all acute care facilities run by SMCS, which includes Sutter General Hospital, into one "Campus" in Midtown Sacramento in order to better meet Sacramento's growing healthcare needs and to comply with the requirements of SB 1953.	NOP	10/30/2003
2003101001	TPM 16215 San Bernardino County Land Use Services Department --San Bernardino Tentative Parcel Map to create 4 parcels on 10 acres. No development proposed.	Neg	10/30/2003
2003101002	TPM 16214 San Bernardino County Land Use Services Department --San Bernardino Tentative Parcel Map to create 4 parcels on 10 acres. No development proposed.	Neg	10/30/2003

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Wednesday, October 01, 2003</u>			
2003101003	Greenhills Ranch; TM 5140RPL; SP 98-004; R 98-006; LOG No. 98-14-020 San Diego County Department of Planning and Land Use --San Diego The project proposes development of 31 residential dwelling units and one open space lot on a 51.90 acre portion for the Greenhills Ranch Specific Plan (GRSP) - Phase I. The remainder of the GRSP, Phase II, and consisting of 44.2 acres, will be the subject of a future amendment to the GRSP.	Neg	10/30/2003
2003101004	Johnson Minor Residential Subdivision, TPM 20676, Log No. 02-02-017 San Diego County Department of Planning and Land Use --San Diego The project is a minor residential subdivision of a 10.5-acre lot into 6.1-acre and 4.4-acre parcels. A single-family residence exists on proposed parcel 2. Grading for a future single-family residence on proposed parcel 1 will require approximately 3,000 yards of cut and fill balanced onsite. Maximum cut slope height is estimated at 25 feet and maximum fill slope height at 30 feet. The AEIS states that three quarters of the 10.5-acres site has greater than 25% slope. The entire site slope has southern aspect. Access to the project site is from proposed driveways from Roadrunner Ridge Road. The project is located at 30474 Roadrunner Ridge Road in the Valley Center Community Planning Area within an unincorporated portion of San Diego County.	Neg	10/30/2003
2003101007	East-West Ranch Water Pipeline Project Cambria Community Services District Cambria--San Luis Obispo The project consists of six key components: 1) the installation of an approximately 4,200 linear foot, 10-inch diameter water main across the West Ranch of the East-West Ranch property; 2) the construction of an all-weather, 20-feet wide emergency access road across the West Ranch; 3) the construction of approximately 2,000 lineal feet of 10-inch diameter water main along Windsor Blvd. from a connection point at Huntington Road to the West Ranch Boundary (within the SeaCliff Estates neighborhood); 4) a new utility vault near the wastewater treatment plant access road and Windsor Blvd. intersection; 5) approximately 500 feet of new pipeline in Marlborough Lane from the West Ranch boundary to Orlando Drive and 280-feet of pipeline within Orlando Drive from Marlborough to Madison Street (a.k.a., pipeline alternative 2, and may be omitted if alternative 1 is chosen); and 6) valve replacements within an existing utility vault near Ardath Drive and Madison Street.	Neg	10/30/2003
2003101008	Chili Pepper Project Division of Oil, Gas, and Geothermal Resources --Kern Drill, test and possible produce an exploratory oil and gas well.	Neg	10/30/2003
2003101009	The Piru Creek Erosion Repairs and Bridge Seismic Retrofit Project Water Resources, Department of, Division of Engineering --Los Angeles Repair of four access routes to DWR facilities along the West Branch of the California Aqueduct downstream of the Pyramid Dam. Activities would include repairing erosion damage at three sites and seismically retrofitting Pyramid Dam Bridge. All sites would be reinforced against seismic or flood events.	Neg	10/30/2003

2003021027	Morongo Casino/Hotel (Cogeneration Facility) Morongo Band of Mission Indians --Riverside Construction and operation of a new minor source cogeneration facility, as part of the Casino/Hotel complex.	TRI	10/30/2003
1996042030	North Natomas Comprehensive Drainage Plan Sacramento, City of Sacramento--SACRAMENTO Drainage canal extension, expansion of detention basin, construction of three con-span bridges, drainage outfall structures, and erosion control measures.	NOD	
2001011112	Tentative Tract 16035, Indirect Access Variance No. 6780 & Zoning Ordinance Amendment No. 01-01 Laguna Beach, City of Laguna Beach--Orange Subdivision of approximately 228 acres to create 11 single-family lots on 5.73 acres, streets, open space lots on 4.98 acres, and a 217.09 lot proposed for dedication to the City as open space pursuant to Tentative Tract Map 16035. Access to the subdivision will be provided by an extension of Driftwood Drive, and a cul-de-sac street extending off of Ocean Vista Drive within a Water District easement area. The project also includes the General Plan/Local Coastal Program Amendment 01-01 to modify the Biological Resource Values South Laguna and Environmentally Sensitive Areas maps of the Open Space/Conservation/Element of the General Plan by deleting the mapped watercourse on the project site.	NOD	
2001112005	Butte City Bridge - Erosion Control Caltrans Willows--Glenn Construction of four rock groins that will project from the top of the western bank into the river. The groins will be located up to 290 meters upstream of the bridge and vary between 51 and 53 meters in length. Rock slope protection will also be placed downstream of the bridge along the west bank.	NOD	
2002061063	Mason/Hage Area Elementary School San Diego Unified School District San Diego--San Diego The project will include site preparation and other improvements, construction and operation of a 700- to 900-student public elementary school, and development and maintenance of a vernal pool research preserve.	NOD	
2003061065	TM 5267RPL, Log No. 01-09-057; Roberts Residential Subdivision San Diego County Department of Planning and Land Use --San Diego The project proposes a major subdivision of 53.34 gross acres into 8 residential lots ranging from 2.0 to 14.11 net acres. The subdivision is located at the northwest corner of Archie Moore Road and Salt Mine Road. The project will take access from Archie Moore Road. The vegetation on-site is mostly undisturbed and consists of chamise chaparral with oak woodland along the drainage, which traverses the center of the sites in a north-south direction. On-site biological open space easements are proposed to protect sensitive habitats. The remainder of the property supports mixed chaparral vegetation with a large number of rock outcroppings. The project will be served by the Ramona Fire Department CDF, Ramona Municipal Water District, Ramona Unified School District, and the dwelling	NOD

1997101071	Sunset Cliffs Natural Park Master Plan San Diego, City of San Diego--San Diego Master Plan Adoption to define long-range improvements for management of the Sunset Cliffs Natural Park in accordance with the goals of the Master Plan.	EIR	11/17/2003
2002091018	Canyon Hills Project Los Angeles City Planning Department Los Angeles, City of--Los Angeles Vesting Tentative Tract Map, Development Agreement, Major Plan Review, and Zone Change to permit the construction of 280 single-family homes to be clustered on approximately 194 acres of the 887-acre project site. Approximately 211 homes will be constructed on approximately 142 acres north of Interstate 210 (Development Area A). The remaining 69 homes will be constructed on approximately 52 acres south of Interstate 210 (Development Area B). Approximately 693 acres (78 percent) of the project site will be preserved as permanent open space.	EIR	12/31/2003
2003041165	Mission Springs Water District 900' Zone Project Mission Springs Water District Desert Hot Springs--Riverside The project proposal calls for construction of a new 2000 GPM groundwater production well, two 2.0 million gallon (mg) water storage reservoirs, a booster pump station, and distribution pipelines to deliver the new water supply to customers in the 900 and 1,070-foot service zones. The storage reservoirs would be constructed on a District-owned parcel measuring 670' x 320' (about 5 acres). The District proposes to construct only one of the two storage tanks at this time. The second tank would be constructed at a future date when needed to meet increased water demands.	NOP	10/31/2003
2003102007	Foothill High School Stadium Project Grant Joint Union High School District --Sacramento Development of an outdoor stadium facility at Foothill High School, including seating for up to 3,000 spectators, a public address system, light standards, a press/announcers box, a ticket kiosk, and a building that would house a concession	NOP	10/31/2003

2003022140	<p>Claremont Corridor Seismic Improvement Project East Bay Municipal Utility District Orinda, Oakland, Berkeley--Alameda, Contra Costa</p> <p>EBMUD is pursuing development of a project to address seismic improvements for its existing Claremont Tunnel, which crosses the active Hayward fault. The Claremont Tunnel delivers up to 175 million gallons per day of treated water to EBMUD customers west of the Oakland/Berkeley Hills. In a large-magnitude earthquake on the Hayward fault, the Tunnel is expected to be severely damaged by fault offset and groundshaking. The purpose of the project is to ensure that sufficient water is available to customers served by the Claremont Tunnel following an earthquake. EBMUD is currently considering a number of alternatives to serve this purpose, including upgrading the existing Tunnel and reinforcing the Tunnel liner, constructing a bypass tunnel at the Hayward fault crossing, constructing a new tunnel, constructing a new pipeline, or constructing a combination of these elements.</p>	FIN

2003104001	Wildcat Canyon Road Enhancement Project Bureau of Indian Affairs, Sacramento Area --San Diego Roadway enhancement.	FON	11/09/2003
2003102045	WinCo I-205 Corridor Specific Plan Amendment Tracy, City of Tracy--San Joaquin The project site consists of approximately 29 acres located within the 714-acre I-205 Corridor Specific Plan area. The original Specific Plan designated approximately 76 acres as Light Industrial, including the subject property. The project site is the last remaining portion of the Specific Plan's Grant Line Planning Area that is designated for industrial uses. The project site is bordered on the south by developing commercial projects, and on the north and east by developing automobile sales and services facilities. The proposed project would amend the Specific Plan and General Plan to redesignate the allowed uses from industrial to commercial, and approve development of a retail grocery outlet on the southerly 10.5-acre portion of the project site.	NOP	11/07/2003
2003102047	City of Santa Rosa, Transit-Oriented Redevelopment Project Santa Rosa, City of Santa Rosa--Sonoma Redevelopment of an 11.50 acre partially vacant site bounded by West 6th Street on the north, Santa Rosa Creek on the west and south, and the Northwestern Pacific Railroad right-of-way on the east in the downtown Railroad Square Historic District. The Transit-Oriented Redevelopment Project Area is designated on the Santa Rosa General Plan Land Use Diagram as Retail and Business Services, which allows for retail and service enterprises, offices and restaurants.	NOP	11/07/2003
2003101056	Initial Study Application No. 5014 - Tranquility Library Project Fresno County --Fresno The project proposes acquisition of a 25,000 square foot parcel for development and operation of a 3,400 square foot public library.	Neg	11/07/2003
2003101057	General Plan Amendment 2003-01 Hawaiian Gardens, City of Hawaiian Gardens--Los Angeles The proposed General Plan Amendment involves land use designation changes in the City's General Plan Land Use Map, to allow for the expansion of Clarkdale Park, remove split designations on commercial, residential parcels, and provide more areas for commercial development within the City. <u>Documents Received on Thursday, October 09, 2003</u>			
	to agricultural production. A dozer would be used to remove Arundo and place it in piles where it would later be destroyed. The eucalyptus trees would be removed from the site. Willows and cottonwoods would be pushed against the west side of the levee to form a dense riparian thicket for bank protection and wildlife habitat. No construction would occur on the river side of the levee. A low area would be left on the levee at the upstream and downstream ends of the site to enable high flows to backwater into the site without carrying sediment into the area. The site would then be leveled and planted with crops. Issuance of a Streambed Alteration Agreement Number 1600-2003-0444-3 pursuant to Fish and Game Code Section 1603.		
2003108156	Crichton Hall Vineyards Driveway Fish & Game #3 Napa--Napa The Operator proposes to remove two (2) 24-inch diameter concrete culverts under an existing driveway and replacing them with a 3 foot high by 6 foot wide by 30 foot long precast concrete box within an unnamed tributary to Dry Creek located north of Darms Lane, approximately 0.5 miles west of Solano Avenue, Napa, Napa County. Wingwalls will be built and existing concrete debris at the outfall will be removed and disposed of at an offsite facility. Issuance of a Streambed Alteration Agreement Number 1600-2003-5043-3 pursuant to Fish and Game Code Section 1603.	NOE	
2003108157	Stream Crossing Repair at Miller's Lodge, Incorporated Fish & Game #3 --Monterey Miller's Lodge is a private campground on the Arroyo Seco River approximately 10 miles west of the confluence of the Arroyo Seco and Salinas Rivers. A large concrete "Arizona" crossing, rebuilt in 1994 after being washed out by high flows, spans the river at Miller's Lodge. Five corrugated metal pipe culverts, each 36 inches in diameter, enable water to pass through the 12-foot wide structure during low flows, while water flows over the structure during high flows. Sediment has accumulated in front of the culvert due to aggradation caused by the hardened structure in the river channel, while a large scour pool exists at the culvert outflows. Sediment has almost completely plugged four of the five culverts, while flows in the fifth culvert have created a velocity barrier to juvenile fish trying to migrate upstream. Under the proposed project, a backhoe would be used to remove approximately 100-cubic yards of sediment from the upstream side of the concrete crossing. The gravel would be removed from an area approximately three (3) to five (5) feet upstream from the crossing to a depth of approximately three (3) feet, and the culverts would be cleared of gravel and debris. All material excavated from the project site would be placed in a truck and disposed of at an appropriate offsite location where it could not reenter the stream channel. Silt fencing or other suitable material would be placed downstream from the project site to enable suspended sediment to settle out and reduce turbidity in the stream. Issuance of a Streambed Alteration Agreement Number 1600-2003-0403-3 pursuant to Fish and Game Code Section 1603.	NOE	
2003108158	Phelps Wall Repair Fish & Game #3 --Napa The Operator proposes to rebuild the rock channel wall and realign large rocks within the unnamed tributary to the Napa River on the Joseph Phelps Vineyard property located at 7630 Silverado Trail, Oakville, Napa County. During the	NOE

2003108165	<p>Middle Fork Surge Shaft Rehabilitation Placer County Water Agency --Placer</p> <p>This maintenance project on PCWA's Middle Fork of the American River hydroelectric (hydro) system is intended to rehabilitate the existing cracked concrete surge shaft lining. One of the benefits of this repair work should be the significant reduction of the flow of water leaking from the cracked surge shaft. The surge shaft is a ten foot diameter, 600 foot deep, vertical concrete-lined shaft, installed about 1965, which provides a pressure relief vent for the Middle Fork power tunnel. The power tunnel is a critical feature of the 217 megawatt hydro system. As part of the maintenance project, PCWA and Pacific Gas and Electric Company (PG&E), a partner in the hydro system, plan to install an eight foot diameter circular steel liner in the existing shaft, then fill the gap between the steel liner and the existing lining with concrete. During construction, the hydro system will not be in operation, and the surge shaft will be partially full of water. All necessary measures will be taken to ensure that water quality is protected. The project is planned to begin in the Fall of 2004, and is expected to take two to three months. The primary beneficiaries of the project will be the people of Placer County and the customers of PCWA and PG&E.</p>	NOE

2002099045	Eel River Tributary and Sand and Gravel Mining Fish & Game #3 --Mendocino SAA #R3-2002-0439 The project involves commercial harvest of gravel on the "Dobie Lane Pit" and the "Mill Creek Bar" and Mill Creek and Grist Creek, tributaries to the Middle Fork Eel River, Covelo, California (Section 9; T22N; R12W of the Covelo East 7.5 minute U.S. Geological Survey quadrangle). A rubber tired front end loader shall be used to skim the gravel bars and load gravel into trucks to be hauled to an off-site location.	NOD	
2002101036	Wind Energy Conversion System Palmdale Water District Palmdale--Los Angeles The project is the installation of a NEG Milcon NM54 model, 950 kilowatt slip wind energy turbine, on a single hub, atop approximately 70-meter (230 feet) tall tower. The turbine will be located near the Palmdale Water District's existing water treatment plant in Palmdale. The District estimates that the turbine will operate at full capacity about 22% of the time, providing up to 1.8 million kWh of power per year. The wind turbine will be used to generate electricity to power the District's water treatment plant and booster facility.	NOD	
2002121070	Cipriani Residential Estates Subdivision Gonzales, City of Gonzales--Monterey The proposed project would construct an access road across Gonzales Slough south of the proposed basin. Three concrete pipe culverts, each 48 inches in diameter and approximately 20 feet long, would be installed in the Gonzales Slough channel to enable water to flow under the road crossing. Upon completion of construction, the site would be seeded with appropriate annual grass species to reduce erosion. SAA #1600-2003-5108-3.	NOD	
2003041088	Coon Creek Fish Passage Enhancement Project San Luis Obispo, City of --San Luis Obispo Remove the culvert and restore fish passage to six miles of creek upstream from the culvert. Prior to construction, flow in the creek would be diverted around the project site. The blocked culvert would be removed and replaced by a free-span	NOD

	slab bridge, approximately 16-feet wide and 60-feet long, constructed in place. SAA 1600-2003-0284-3		
2003081044	06-KER-33 KP 118.45/118.66 (PM 73.60/73.73) and 06-KIN-33 KP 0.0/12.6 (PM 0.0/7.8) EA; 430500 Caltrans #6 Avenal, Kettleman--Kern, Kings This project is designed to place a maximum combined total of 300,000 cubic yards per year of sand on four beaches in the City of San Clemente over a five-year permit period. The project sites are located at North Beach, Linda Lane Beach, T-Street Beach North, and T-Street Beach South. It is anticipated and preferred that the program start with relatively small-scale projects (10,000 to 50,000 cubic yards).	NOD	
2003081057	Safety Element Glendale, City of Glendale--Los Angeles Adoption of the update to the Safety Element of the City of Glendale General Plan.	NOD	
2003081164	Transfer of State Water Project (SWP) Table A Contract Water to the County of Kings Kings County --Kings The proposed project, consists of the permanent sale/transfer of up to 7,000 acre-feet of State Water Project (SWP) Table A contract water from the Tulare Lake Basin Water Storage District ("Tulare Lake") to the County of Kings ("County"). The transferred water will be provided by Angiola Water District ("Angiola") and Bowman Farms, Inc. ("Bowman"), which both have SWP Table A contract water from Tulare Lake. The County will own and administer the SWP Table A contract water. The County intends to enter into a contract with Westlands Water District ("Westlands") to help meet existing demand within the Kings County portion of Westlands for the benefits of the Lemoore Naval Air Station ("LNAS") and other agriculture water users in Kings County. The County and Tulare Lake are both existing SWP contractors.	NOD	
2003082028	John and Dee Meyer Tentative Parcel Map (TPM 03-05) Siskiyou County Planning Department Mount Shasta--Siskiyou The applicants request Tentative Parcel Map approval to divide 21.79 acres into four parcels (5.14, 5.44, 5.58, & 5.63 acres).	NOD	
2003082032	David Baird (Twin Hills Subdivision, Tract 1184) (TSM02-02) Siskiyou County Planning Department Mount Shasta--Siskiyou The applicant proposes a Vesting Tentative Subdivision Map, to divide a +/-29.84-acre parcel, into ten separate parcels.	NOD	
2003082043	Kelly Mutual Water Company Water System Improvements Sebastopol, City of Sebastopol--Sonoma The project is located within Kelly's Subdivision, a 44 lot residential development just southerly of Sebastopol in Sonoma County, east of Highway 116. With the exception of the well and tank site improvements, all work will occur within paved streets. The well and tank site is approximately 200 feet north of the subdivision on APN 063-270-004. A water main runs south from the tank site to the distribution system in the subdivision. The 200 foot stretch between the tank site and the sub	NOD

The revised plan would include approximately 355 acres of mined and reclaimed area on seven parcels totaling approximately 1,100 acres.	Neg	11/13/2003
2003101078	Initial Study Application #5019 - Orange Cove Library Project Fresno County Orange Cove--Fresno The project proposes acquisition of approximately 3 acres of land for development & operation of a 10,651 square foot public library.	Neg	11/13/2003
2003101079	Goleta Slough Tidal Circulation Experiment Santa Barbara, City of Santa Barbara--Santa Barbara The Santa Barbara Airport is proposing to implement a short-term field experiment in the Goleta Slough to assess the feasibility of a long-term restoration program. The proposed field experiment would involve creating 2 small tidal basins by excavating portions of larger non-tidal basins, & installing culverts that connect to tidal channels. Each experimental basin would be located adjacent to a "control basin" (i.e. and existing non-tidal basin) to allow a comaprison of the hydrologic & ecological effects of tidal circulation with existing conditions. This experimental design would also allow a comparison of bird use in tidal & non-tidal areas to assess the effects on the bird strike conditions at the airport.	Neg	11/13/2003
2003101080	Clovis Bicycle Transportation Master Plan Clovis, City of Clovis--Fresno The Bicycle Transportation Master Plan includes a bicycle facilities map that identifies existing & proposed bicycling facilities, as well as their connection & access to major activity centers, & an implementation plan identifying a general time schedule priorities, & a proposed funding program. The implementation plan will guide development of the proposed bicycle improvements.	Neg	11/13/2003
2003101082	Tiger Woods Learning Center & H.G. "Dad" Miller Golf Course Renovations Anaheim, City of Anaheim--Orange The proposed Tiger Woods Learning Center (TWLC) & associated golfing facilities would be constructed within the Gilbert & Crescent Settling Basing Detention Areas. The existing site is currently used as the H.G. "Dad" Miller Golf Course Driving Range & as flood control detention facilities. The use of the golf course would remain but additional facilities would be constructed for supervised youth activities. The Dad Miller Driving Range is being relocated to another area on the existing golf course. The relocated driving range would consist of perimeter fencing for protection, lighting for nighttime operations & a small accessory building. The majority of the site is used for detention of excess storm water diverted from Carbon Creek Storm Water Channel.	Neg	11/13/2003
2003101082	Tiger Woods Learning Center & H.G. 2003101083	General Plan/Local Coastal Plan Update Morro Bay, City of Morro Bay--San Luis Obispo The project involves a city initiated general plan amendment to update the city's general plan & combine it with the local coastal plan.	Neg	11/13/2003
2003102070	Mierau Minor Subdivision with Streamside Management Area (SMA) Work Humboldt County Eureka--Humboldt The project is a minor subdivision of a 7.47-acre parcel with an existing single-family residence constructed in 2001. The 7.47-acre parcel will be split to produce a new 2.5-acre parcel, conforming to the minimum parcel size of 2.5 acres. The balance of the property (approximately 4.97 acres) will remain with the newly constructed residence.	Neg	11/13/2003
2003102071	Coastal Development & CUP Application #CDP-02-16 (filed 9/4/02) CUP-02-07; Caltrans/SEMWC Humboldt County Trinidad--Humboldt Coastal development & CUP application #CDP-02-16 (filed 9/4/02) & CUP-02-07 CalTrans/SEMWC applicant. Nearest APN 517-231-02 Highway 101 r/w at Seawood Estates. A CDP & CUP for a joint project between CalTrans & the Seawood Estates Mutual Water Co. (SEMWC) to develop a common water storage & distribution system. A combined total of up to 16,000 gallons of water per day will supply the system using water diversions from the Savage & Parvin Creeks. Diversion currently exist on Savage & Parvin Creeks maintained separately by CalTrans & SEMWC, respectively. Both systems will become connected, as described on the plot plans. The water from both sources will become comingled, treated by the existing SEMWC systems (CalTrans will cease treatment at its current facility), & provided for use at CalTran's nearby rest area & residences within the Seawood Estates subdivision. Construction will involve the installation of 170 meters of 2 inch PVC telemetry conduit, water meter, electrical cabinet & other appurtenances, as well as 1 or 2 large water storage tanks & pumping equipment to be utilized & maintained by SEMWC. This joint project stems from the State Roadside Rest Area not having sufficient water supplies in the winter because of high turbidity levels & the Seawood Estates not having sufficient supplies during the summer months. The appurtenant permits for the requested water diversion are under application with the State Water Resources Control Board.	Neg	11/13/2003
2003102073	RPLCo's RV Park/Campground - APN: 420-142-09 (Orick Area) CDP02-64/CUP02-22 Humboldt County --Humboldt Conditional use & coastal development permits for the development of a RV & camping resort on the property known as APN520-142-09. The applicant plans to develop the park in 3 phases within 3 years. The ultimate goal is 148 RV sites, 10	Neg	11/13/2003

	tent sites & 9 cabins (167 units). Phase I will have 47 RV hook-ups (pull through sites) & will include the development of restrooms & shower, a covered picnic & gathering area, a snack bar, & other commercial services such as recreational rentals & firewood sales. Phase II will include 36 more RV sites (back in sites) + 10 tent sites. Phase III will include an additional 65 RV spaces + 9 cabins, a convenience store, a small cafe, cocktail lounge & pool. The portion of the parcel located in the Coastal zone will be developed as an open recreational area with putting green & pond. The parcel is 27 acres in size & served by community water & on-site sewage disposal. All structures will be designed in accordance with the State & National Parks Architectural Character Guidelines to help them blend in with the Redwood State & National Parks' theme nearby.		
2003102075	Columbia-Sonora Cell Site Tuolumne Utilities District Sonora--Tuolumne The proposed project involves the construction of a 70-foot cellular telecommunications tower and an equipment shelter within a 26-foot by 8-foot lease area.	Neg	11/14/2003
2003102072	Debets/Bend Minor Subdivison with Lot Size Modification APN: 500-131-21 (Sunnybrae Area) Humboldt County Arcata--Humboldt A parcel map subdivision of a 10+/- acre parcel into 2 parcels. Proposed parcel A will be 7.14+/- acres & is developed with a single family residence, a 3,500+/- square foot barn & a well. Water service is provided by the City of Arcata. Proposed parcel B will be 2.86+/- acres & is developed with a shed. Water services for proposed parcel B will be provided by the well on proposed parcel A via an easement. Both parcels will be served by on-site septic systems. A special permit is required in order to allow for a lot size modification for proposed parcel B.	Oth	11/13/2003
1999041035	2001 Prima Deshecha General Development Plan Orange County San Juan Capistrano, San Clemente--Orange This addendum provides a minor (2percent) increase in the Prima Deschea Landfill General Development Plan Zone 1 distrubance footprint, to allow the excation of a landeslide headscarp, and the construction of a soil stockpile area and haul road.	NOD	
1999091142	IID/SDCWA Water Conservation and Transfer Project Imperial Irrigation District Imperial Beach, El Centro, Brawley--Riverside, Imperial, San Diego The Proposed Project consists of the conservation by IID of up to 300,000 acre-feet of Colorado River water per year, and the subsequent transfer of all or a portion of the conserved water to San Diego County Water Authority, Coachella Valley Water District, and/or Metropolitan Water District of Southern California.	NOD	
2001041004	Amendments to Cedar Avenue Recycling and Transfer Station, C-03-118 Fresno, City of Fresno--Fresno Conditional Use Permit No. C-03-118 amends previously approved CUP No. C-01-063 for the Cedar Avenue Recycling and Transfer Station and IWS trucking by: adding 12,700 square feet (s.f) to the transfer station building plus a 320 s.f. electrical room; authorizing 24 hour receipt of material; re-orientation of the on-site sedimentation basin, and allowing a portable canopy for immediate sorting of construction and demolition debris.
